Lebkuchenherz

Anweisungen: (Instructions)

1. **Druck das Herz.** Print out a heart. You can choose the one that has some decorations on it and the phrase "Ich liebe dich". Or you can print out the plain heart. If you can, print the heart on cardstock. If not, you could cut another heart the same size out of cardstock or construction paper and glue the printed paper heart on to that, so it's thicker!

2. **Schreib eine Nachricht.** If you chose the blank heart, you need to write a message on it. Here are some things you could say:

Ich habe dich lieb!	I love you!
Liebe Grüße	Fond greetings
Danke!	Thank you!
Beste Mama	Best Mom
Bester Papa	Best Dad
Du bist süß!	You are sweet!
Du fehlst mir!	I miss you!
Alles Gute!	Best wishes!

   Be sure to write your message in German! *(Remember: that letter that looks like a B is an ß – a kind of double s !)*

3. **Dekoriere das Herz.** Decorate your heart! Since this is a gingerbread heart, you'll want to color the background brown. But other than that, you can be as creative as you like! Use whatever materials you have at home – crayons, markers, colored pencils, paint, glitter glue, sequins – it's up to you!

4. **Schneide das Herz aus.** Cut out the heart.

5. **Mache zwei Löcher in das Herz.** Punch holes in the top where the two circles are.

6. **Schneide das Garn.** Cut your yarn / ribbon / string – about 2 feet.

7. **Binde zwei Knoten ans Herz.** Tie two knots on the heart with the yarn.
