

# Die Olympische Sommerspiele

© German in the Afternoon, 2016

Included in this pack are cards with images and words, just images, just words, images with jumbled letters, and images with jumbled letter groups. Print full-sized pages for vocab posters. Or print 6 to a page to make cards for games such as Memory or Go Fish. Use the jumbled pages to have children practice spelling and writing. For independent work, they can use the cards with images and words to self-check their work. The jumbles with individual letters looked so challenging, I decided to add another set of jumbles with groups of letters!

Where possible, I chose to use simpler, more common words than the official Olympic title of some of the sports.

Vocabulary words:

- das Schwimmen
- das Bogenschießen
- das Reiten
- das Laufen
- das Gewichtheben
- das Turnen
- der Stabhochsprung
- der Fußball
